FAQ

CONSTITUTIONAL AMENDMENT INITIATIVE PETITION FORM

Ballot Title: **Human Life Protection Amendment**

Ballot Summary: **All human beings have a right to life regardless of age, illness, or disability when there is a detectable heartbeat.**

See separate document for the full text of the proposed constitutional amendment.

 What is the proposed amendment? 

 Where do I mail signed petitions to?

 Protect Human Life Florida
14260 West Newberry Road, #420
Newberry, FL 32669

 Why is this amendment needed?

 All human beings have value. That fact doesn't change based on their age, health, or level of ability. The Human Life Protection Amendment embeds this truth in our state constitution. This is needed in order to prevent perversions of justice. With this amendment in place, we can all rest assured knowing that human life is being protected in Florida.

 What needs to happen to get this amendment on the ballot?

 We need 891,589 validated petitions, which equals 8% of the votes cast in the 2020 presidential election. We also need to meet minimum petition thresholds in 14 of Florida's 27 congressional districts.

 Who is backing this amendment?

 This is a grassroots initiative backed by citizens from all over the State of Florida who are passionate about the protection of vulnerable human life.

 How much time do we have?

To account for the time it takes for signed petitions to be returned to us, processed on our end, and submitted to the Supervisors of Elections of each respective county for validation, we are asking Petition Partners to send signed petitions to us within 30 days of starting the collection process. The final deadline for validated petitions is 2/1/2022. 

 How much does an effort like this cost?

 We estimate we will need to raise an average of 50 cents per validated petition to cover all costs during the petition gathering phase. Each Petition Partner Packet has 20 petitions in it, so you can sponsor as many as you would like for \$10 each.
